Postgres, MySQL

operating systems
Linux, MacOS, Windows

education

Since 2014	**Master's program** in Computer Science, *University of Salzburg*	Salzburg, Austria
	Department of Computer Science	
	Expected graduation: 2016.	
2014 2011	**B.Eng.** *University of Salzburg*	Salzburg, Austria
	Department of Computer Science	
2009 2004	**Diploma thesis** *(Technical) high school*	Braunau am Inn, Austria
	Major: design and communication technologies	

My diploma thesis was done in cooperation with Sony (DADC) Austria. The topic of my thesis is developing software for analyzing and filtering large volume of email traffic sent to customer support. I developed the so-called SEER (Sophisticated Embedded Email Responder) for this purpose with another student.

employment

Sep 2011 May 2010	**DVT-Daten-Verarbeitung-Tirol GmbH**	Innsbruck, Tyrol, Austria
	Software Engineer	

I designed and implemented web applications based on a J2EE architecture and the Apache Struts 2.0 framework.

experience

Aug 2014 Aug 2013	**ACDC4JS, Research Group of Professor Christoph Kirsch**	Salzburg, Salzburg, Austria
	Project Staff	

The project is done in cooperation with Google Munich. The purpose of ACDC4JS is to analyze the efficiency of the garbage collector in JavaScript virtual machines, especially Google's V8. I am working on research and development of measurement tools. The analyses of heap models, using automated user interactions is also part of my work.

June 2013 Feb 2013	**PCCC, Compiler Construction Class, University of Salzburg**	Salzburg, Salzburg, Austria
	Student	

The goal is to develop a self-compiling compiler. I have developed a full functionally compiler in a non-trivial subset of C together with another student. Target is a DLX-based emulator. My self-compiling compiler is called PCCC and was the best project of the class.

Sep 2012 Aug 2012	**SIGMATEK GmbH & Co KG**	Lamprechtshausen, Salzburg, Austria
	Summer Intern	

I developed a Wireshark plugin for the Nested Varan Frames protocol. I extended an existing NSIS installer. Used programming languages were C and C++.

Aug 2008 July 2008	**ppedv AG**	Burghausen, Bavaria, Germany
	Summer Intern	

I implemented new features and a new design for the homepage, blog-engine and forum of the company using .Net technologies.

awards

2009	**Innovation & Wirtschaft in OÖ**	OÖ. Technologie- und Marketinggesellschaft m.b.H

With the SEER project I won the first price in the category IT with my college. A competition for innovative high school students, supported by the government of Upper Austria.

interests

professional: memory management, database tuning
personal: car racing, meet friends
